

1-Year Parts Warranty

- KICKING Kitchen Equipment extends a 1-year warranty to the initial purchasers of our products.
- We guarantee our equipment to be free from defects in materials and workmanship under normal use and proper maintenance as per our installation and operation instructions.
- This warranty is effective for 1 years from the original delivery date. Our obligation under this warranty is strictly confined to repairing the defective product.
- The cost for replacement will not surpass the original purchase price. However, any overtime charges accrued will be borne by the equipment purchaser.
- Please note that this warranty does not cover issues arising from improper installation or lack of basic preventative maintenance.

3-Year Compressor Warranty

- KICKING Kitchen Equipment offers a 3-Year Warranty for its hermetically and semi-hermetically sealed compressors, specifically covering defects in the compressor parts.
- This warranty is solely applicable to the hermetically and semi-hermetically sealed components of the compressor and does not cover other parts or components such as cabinet paint finish, temperature control, metering devices, driers, motor starting equipment, fan assembly, or any other electrical components.

Eligible Products

- This limited warranty is applicable to the following product lines only: DLW-BF-Series, DLW-BR-Series, DLW-RGD-Series, LC-Series, LC-NB-Series,SD,BD.
- This warranty is valid only in the Contiguous United States (excluding Hawaii, Puerto Rico & Alaska) and does not apply to any part that has been misused, neglected, altered, accidentally damaged, or damaged by transportation, floods, fires, acts of terrorism, or acts of God.
- KICKING apologizes that the repairers we cooperate with only cover some areas. If your address is not covered, you may need to contact the local repairer and ask the repairer to send the bill to KICKING.
- All KICKING Kitchen Equipment products are designed for commercial use only. Equipment carrying a service warranty must be installed at a commercial address for the warranty to be valid, as our technicians may not be licensed or insured to enter a home-based business or permanent residence.
